

Topic: Online Courses

Enhancing Course Engagement

Objective: Together we'll explore AI-driven strategies to increase participant engagement and interaction within your online courses.

Session Prompts

Here are the final scripts for module <insert number> Using ONLY these scripts as references, could you please suggest 2 <quizzes or activities> for each module?

—

Thank you. For the first module, I'd like to proceed with <insert activity>. Could you please draft this for me, keeping in mind that it needs to take approximately <number> minutes for the student to complete. Where relevant, ensure they include core elements that the student needs to know and a mix of difficult and easy questions.

Repeat for the other modules!
